Florida Senator
Michael Bennett

Why did you sponsor this Bill?

Due process rights under the US Constitution and The Bill of Rights? **NOPE!**

“The Nonjudicial Foreclosure Act for Non-homestead properties”

Is A Bill written by the Florida Bankers Association! FOR THEIR BENEFIT!

*This Bill would actually take away our right to our day in court, while allowing the Banks to cover up their massive FRAUD and make billions of dollars in the process! They are desperate and afraid of being exposed by the Judicial process!. That is why they conspire with Senator Bennett to introduce this “Trojan Horse Bill” which allows “Lenders” to arbitrarily proclaim a home abandoned and foreclose illegally outside the Judicial process. **Stop this Bill now! The Banks will be able to foreclose on your property without ever informing you.***
